

# MassSTEP ESOL Welding Program

Community Action, Inc. (CAI) and Whittier Regional Vocational Technical High School will offer an occupation-skills training course in welding for intermediate and advanced English language learners. Students will enroll in ESOL and welding classes to simultaneously build English language skills and learn welding practices and techniques. As part of the program, students will also earn industry-recognized credentials in OSHA 10 and Hot Work Safety Training.

**Enrollment for Advanced and Intermediate English Language Learners**

## PROGRAM BENEFITS

- Industry-recognized credentials in OSHA and Hot Works
- Individual career and advising support
- Resume writing, interview preparation, and visits to employers
- Improved English language acquisition
- Digital Literacy
- Civics instruction

## REGISTER TODAY

- Must be a MA resident, over 16, and an English language learner to enroll. Enrollment is competitive.
